# VIGHNESH SHERIKAR

Phone: +91 7997251375 Email: [viggahneshsheriikar708@gmail.com]

## Professional Summary

Java Fresher with strong knowledge of Core Java, SQL, JDBC, Servlets, MVC Architecture, and RESTful APIs. Skilled in developing end-to-end web applications, integrating backend services with responsive user interfaces, and implementing secure authentication workflows. Eager to apply technical skills and contribute to software development projects.

## Education

**JSPM's Imperial College of Engineering, Pune**
Bachelor of Engineering (Mechanical Engineering) 7.28

**Shree Samarth College, Pune**
Higher Secondary Certificate (HSC) 62

**Shree Shivaji Preparatory Military School, Pune**
Secondary School Certificate (SSC) 78

## Core Technical Skills

- **Programming Languages:** Java, SQL
- **Backend Technologies:** Spring Boot, JSP, JDBC, REST APIs, Microservices
- **Frontend Technologies:** HTML, CSS, JavaScript, React.js
- **Databases:** MySQL
- **Tools & Platforms:** Git, GitHub, VS Code, Postman

## Projects

**User Management System — Java, JSP, Servlets, JDBC, MySQL**

- Developed a web-based User Management System using Java Servlets, JSP, JDBC, and MySQL.
- Implemented complete CRUD (Create, Read, Update, Delete) operations for managing user records.
- Integrated MySQL database using JDBC for persistent data storage and retrieval.

**Banking Management System — Spring Boot, REST APIs, MySQL**

- Implemented layered architecture with Controller, Service, and Repository layers.
- Developed RESTful APIs for account management and transaction processing.
- Applied Spring Boot and MySQL for secure backend operations.

**User Authentication System — Java Servlets, JSP, MySQL**

- Developed login and registration system with role-based session management.
- Applied MVC design pattern to improve maintainability.

## Training / Certifications

- Full Stack Java – Symbiosis Skills and Professional University
- Advanced Java & Spring Boot – 360 Digrii Institute

## Hobbies

- Reading Books
- Learning New Technologies
- Taekwondo
